## Fiber Art Show Demonstrations:

If you enjoy crocheting, knitting, spinning, weaving, needlepoint, or any other Fiber Art, or if you just appreciate the work that goes into these crafts, be sure to stop by the Fiber Art Show at First Baptist Church, corner of 2nd & Noble. There you will see displays of many different fiber arts as well as live demonstrations throughout the festival. You may even be able to see fiber in it's most raw form - still on the baby alpaca or rabbit!
